Categories:

In the Proficient Category, dogs must jump their measured jump height per the current jump height table. With the exception of Regular Agility, runs in Proficient must be clean, with no course faults or time faults, in order to qualify. **In the Regular Agility class the run may receive a 5-point qualifier if the total number of faults (time or course faults) are 5 or fewer.**

There are four Standard Division-Proficient jump heights: 8", 12", 16", 20".

In the Skilled Category, exhibitors MUST jump their dog one jump height lower than they are required to jump in the Standard Division in the Proficient Category. There are four Standard Division-Skilled jump heights: 4", 8", 12", and 16".

For example, a dog who measures to jump 20" in the Standard division, Proficient category, must jump 16" in the Standard division, Skilled category and will receive the benefit of the additional time allotted to the 16" dogs. If this same dog is also a Veteran, or is handled by a Veteran/Disabled Handler or Junior Handler, he may enter the Veteran or JH Division and jump another 4" lower. This dog would receive the time allotted to the 16" Vets jumping 12".

As of January-2014: Dogs must enter the Veterans Division in all jumping classes after their 9th birthday. After their 12th birthday, dogs must enter the Skilled Category, Veterans Division for jumping classes and Skilled Category for non-jumping classes .

With the exception of Regular Agility, runs in Skilled must be clean, with no course faults or time faults, in order to qualify. **In the Regular Agility class the run may receive a 5-point qualifier if the total number of faults (time- or course-faults) are 5 or fewer.**

Non-Jumping Classes

Handlers who are 60 years or older, or who have a disability that restricts mobility, may choose to enter the non-jumping classes as a Veteran Handler and receive 10% more standard course time. The Veteran/Disabled Handler division is designed for handlers who, due to age or impairment, are mobility limited and need extra time to guide their canine partners through an agility course. When entering as a Veteran/Disabled Handler, you must enter all dogs in all classes for the entire trial in this Division and must jump 4" lower than your Proficient, Standard Division jump height requires. In the non-jumping classes, dogs will be scored and placed with their Standard Division jump height.

The individual trial results submitted by the club are uploaded to the www.NADACForum.com within two weeks after the NADAC office receives them from the club. Please accept the responsibility to review those results, and check that your registration number and qualifying points, as reported by the club, are correct. You can join the Forum by going to www.NADACForum.com and submitting your request. If you find an error in the reporting of your dog's qualifying points or registration number, please contact the host club. The host club is responsible for correcting any errors and informing NADAC.

Levels. Points earned at a higher level of a class, prior to the completion of the lower level title, will not be recorded by NADAC for future use. If a dog earns points in a level of a class that they are not eligible to title in, those points will not be added to the dog's records.

PLEASE NOTE:

We utilize the Agility Unscrambled program which allows e-mail confirmations and results dissemination. We will send out electronic confirmations before and electronic results after the trial.

Please make sure the e-mail address on your entry form is legible.

These include no toys or food being used in the ring. The dog must run without a collar and the leash cannot be used on the dog during the run. Dogs running FEO must be at least 18 months old and registered with NADAC.
